Destiny Quest Database

1) Log into your X2 account. Go to http://www.chelmsford.k12.ma.us. Then click on Student then Student X2 Portal.

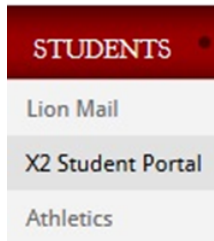

2) To reset your password click on the "I forgot my password" link and if that does not work go here: http://cpslions.net/ Note: passwords are sent to your school email. Also request a specific password.

3) If you do not have an X2 login to use go to the homepage for the Learning Commons on the High School section of the website for Chelmsford Public Schools. http://www.chelmsford.k12.ma.us/Page/700

4) Click on the icons for the Gale Virtual Reference Library and Destiny Quest. You can search the databases here.

5) Once you have logged in click on the menu where it says the word "Quest."
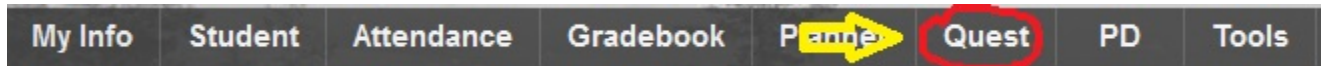

6) All websites in Quest are considered to be good sources. However, you should have more than one source when doing research. Even qualified good sources can sometimes have a bias. It is always best to read several sources on a topic when doing research. If you are not sure compare the information to other sources. It is vital to have good keywords when searching. Also, be specific to narrow a search topic.
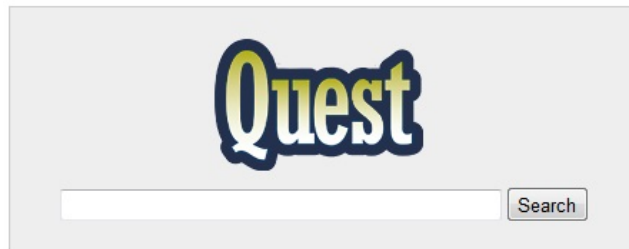

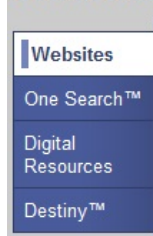

7) One Search allows you to search all of the databases. However, you should pick databases that are related to your topic when searching to find more focused sources. You should have good keywords when searching.
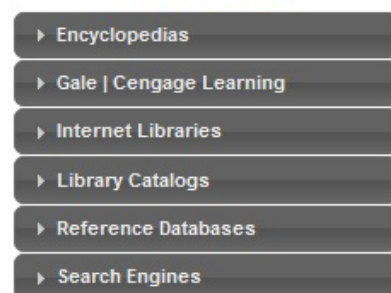

8) Digital Resources gives you sources that are in a different form. It could give you a lesson, animation, videos or something else. Please use specific keywords for best results. Also, try different keywords for varied results.

9) Destiny allows you to search for books that are in the Chelmsford Public Schools' library.
