

CHELMSFORD

PUBLIC SCHOOLS

Friday, May 21, 2021

Hello Juniors & Junior Parents:

Just a few items for you this week...

WORRIED ABOUT THE COST OF COLLEGE?

At this stage of the college exploration process, you should be considering a variety of schools; however, it is hard to ignore the bottom line. A few weeks ago we gave you the basics about the Net Price Calculator. To learn more about the actual cost of college, be sure to check out this important tool available on each college's website. This tool allows prospective students and their families the opportunity to estimate their eligibility for financial aid and their "net price" to attend a particular college or university. While these tools are not comprehensive, an early estimate of financial aid will assist families as they begin the discussion about college affordability. Often, the best way to find this calculator on the school's website is to type "Net-Price Calculator" into the search function.

TIP OF THE WEEK:

Do you hope to apply to a fine arts program in college? If so, be aware that you will need to begin preparing early as you will likely have to put together an art portfolio or develop something specific for an audition.

If you have any questions, please contact your counselor directly.

Have a wonderful weekend!

CHS School Counseling
