Mr. Joshua Blagg, Dean

Ms. Erin McNeil, Dean

Mr. John MacIsaac, Dean

SENIOR CAPSTONE PERMISSION SLIP

The Senior Capstone is scheduled to run from April 3 – May 19 and will be run as a culminating experience for our Schools to Careers Program. Students are responsible for contacting a potential internship or service opportunity and for arranging their job capstone experience. This is an opportunity for seniors to apply the skills they have learned in school to practical experience in a field of their choosing. The purpose of the senior capstone experience is to help students explore a potential field of interest and gain meaningful experience. For this to be a meaningful experience, a student should secure an internship with someone who works in a career that is of potential interest to that student. The student experiences an immersive practical experience in a chosen field comprised of 30 hours a week on site for 6 weeks.

The Capstone Experience helps students accomplish the following goals:

- Gain information about a possible future career interest
- Observe and experience the daily routine of their site mentor
- Observe and contribute to the system of the mentor's company or business
- Gain insight on the academic, technical and personal skills required by an occupation.
- Gain an understanding of the connection between school and work
- Gain information to assist students in goal setting and education planning.

Please sign below authorizing your child to take part in the Senior Capstone Experience from April 3 – May 19, 2023. All permission slips should be returned to their House office by March 6, 2023. Your signature certifies that you acknowledge that each senior is expected to find their own placement and provide their own transportation for the day.
