A LETTER TO OUR READERS

Dear reader,

As school comes to a close and the start of summer is only a mere month away, it feels like forever since August and the first day of school. The end of spring brings fun events such as Junior Cotillion, Lime's 24 Hour Relay, and the graduation for the Class of 2025, but it also brings the final issue of The Voice Newspaper. This year The Voice has truly outdone itself with its variety of articles, artwork, and photographs, but I know it would not have been possible without the outstanding efforts of the great group this year. Thank you to everyone who had a contribution to The Voice this year, for no effort goes unnoticed. However, I would especially like to express my gratitude towards the amazing advisors and board members. Thank you to Ms.LaFlamme and Ms.Sullivan for their endless encouragement and support throughout the year. Thank you to my fellow board members: Samhita Badhiri, Jhanvi Kichannagari, and Misha Kappor for their continuous dedication and creativity. I am also excited to announce that Samhita will take on the role of president next year, Jhanvi Kichannagari will take on vice president, and Misha Kapoor will continue as editor. I am also very pleased to welcome Riley Tambo to the board as our graphic designer. While my time on The Voice has come to an end, I just know that the 2025-2026 board will achieve such great things, and I look forward to reading next years' issues. I am so appreciative to have been able to be The Voice's president, and I am truly grateful for my experience with The Voice over the past four years.

Enjoy the Spring issue of The Voice!

SOMETHING TO CELEBRATE

By: Misha Kapoor

Here's something to
celebrate every day
until the last day of
school!

June 1st- National Nail Polish Day

Nail polish originated in China around 3000 BCE and was originally made from egg whites.

June 2nd- National Rocky Road Day

The name of this popular ice cream flavor came from the “rocky road” families endured during the Great Depression.

June 3rd- National Egg Day

A single eggshell can have up to 17,000 pores for gas exchange between a chick and the outside world.

June 4th- National Cheese Day

There are over 1,800 varieties of cheese in the world.

June 5th- National Ketchup Day

Tomatoes were thought to be poisonous, so early ketchup did not contain tomatoes but rather fish.

June 6th- National Donut Day

The most and second most popular donut flavors in the U.S. are cream-filled and glazed.

June 7th- National Chocolate Ice Cream Day

Chocolate Ice Cream is older than vanilla ice cream!

June 8th- National Best Friends Day

Having a best friend can reduce anxiety and stress.

June 9th- National Strawberry Rhubarb Pie Day

Rhubarb is actually a vegetable and not a fruit.

June 10th- National Iced Tea Day

The first printed recipe for iced tea appeared in an American cookbook from the 1870s.

June 11th- National Corn on the Cob Day

Every single ear of corn has an even number of kernels in each row.

June 12th- National Red Rose Day

In Greek Mythology, red roses were seen to be from the blood of the goddess of love, Aphrodite.

June 13th- National Sewing Machine Day

An industrial sewing machine has a maximum stitch rate of 1,500 stitches per minute.

June 14th- National Dragonfly Day

Unlike most insects, dragonflies can fly backward.

June 15th- National Megalodon Day

Baby megalodons were 6 feet at birth!

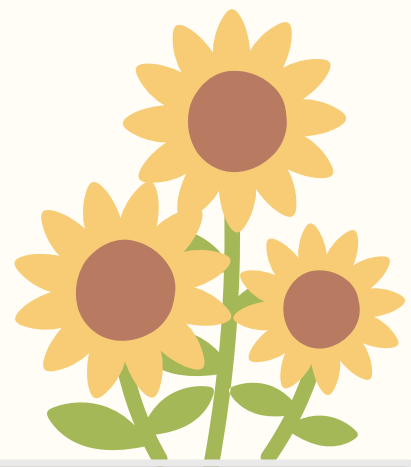

June 16th- National Fudge Day

Fudge was originally created as an accident. The baker from Baltimore was attempting to make caramels but messed up the recipe.

June 17th- National Apple Strudel Day

The word strudel means “whirlpool” in German.

SUMMER PLAYLIST

New Romantics- Taylor Swift

This song is a synth-pop anthem that captures the euphoria felt when entering summer. With its upbeat tempo and carefree rhythm, it represents the spirit of freedom that summer holds. It's the perfect song to blast on car ride, with the windows down, while enjoying the beautiful summer weather.

Supercut- Lorde

"Supercut" by Lorde feels like a cinematic flashback of the perfect summer--intense, nostalgic, and slightly bittersweet. Its dreamy production, combined with Lorde's rich voice, makes it perfect for a sunset drive, and it's the perfect song to listen to when trying to relive and remember summer memories.

Island In The Sun - Weezer

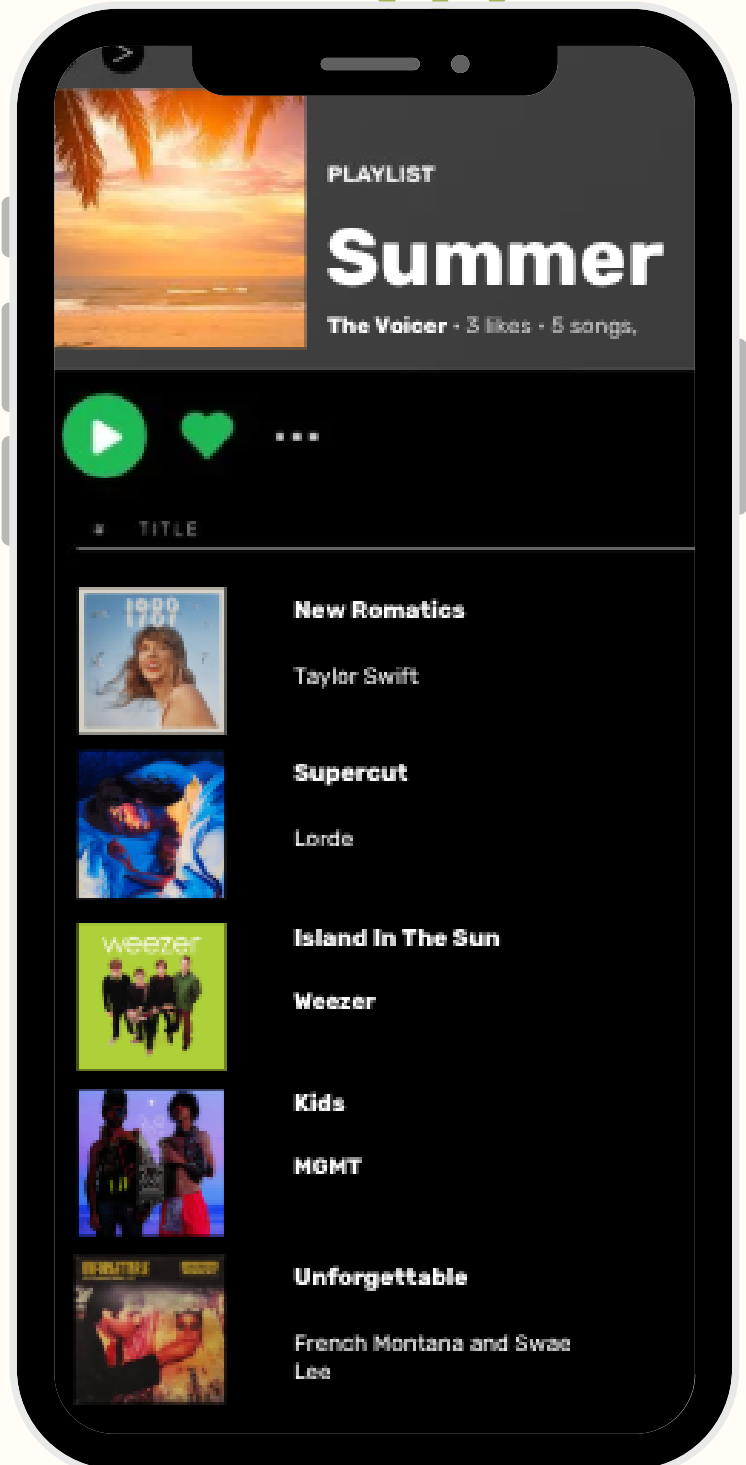

Few single bottle up pure sunshine and summer vibes like Weezer's "Island in the Sun." Its breezy guitar riffs and mellow vocals evoke images of hammocks, beaches, and stress-free days. Whether you're actually on an island or just dreaming of one, this is a must have on any summer playlist.

Kids- MGMT

MGMT's "Kids" is an electrifying indie-pop track that channels the essence of youth. Its infectious synths and whimsical vibe make it a staple for summer nights that feel a little nostalgic-- think festivals or late nights by a fire.

Unforgettable -- French Montana and Swae Lee

With its tropical beats and smooth vocals, "Unforgettable" blends hip-hop and dancehall with the perfect late night summer vibes. It's a go-to for beach parties and poolside lounging, and its rhythm creates a vibe that's both laid back and undeniably danceable.

SUMMER DRINKS

BY: JHANVI KICHANNAGARI
